**SUPPLEMENTARY INFORMATION:** The Los Coyotes Band of Cahuilla and Cupeño Indians has requested that the BIA take into trust 23 acres of land on which the Tribe proposes to construct a gaming facility, hotel, parking areas and other facilities. The approximately 23-acre project site is located within the incorporated boundaries of the City of Barstow, San Bernardino County, California, just east of Interstate 15. Because this request is for land to be taken into trust for gaming purposes, the Los Coyotes Band of Cahuilla and Cupeño Indians has submitted an application under the Indian Reorganization Act (25 U.S.C. 465 et seq. as implemented in 25 CFR part 151) and seeks a determination of gaming eligibility under the Indian Gaming Regulatory Act (25 U.S.C. 2719 et seq. as implemented in 25 CFR part 292). The FEIS supports both actions.

The proposed project includes the development of a casino with approximately 57,070 square feet of gaming floor. Associated facilities would include food and beverage services, retail space, banquet/meeting space, and administration space. Food and beverage facilities would include one full service restaurant, a "Drive-in" restaurant, a food court with four venues, a coffee shop, three service bars, and a lounge. The hotel would have approximately 100 rooms and a full service restaurant. Both the gaming facility and the hotel would be open 24 hours a day, seven days a week. A total of 1,405 parking spaces would be provided.

The following alternatives are considered in the FEIS: (A) Barstow casino and hotel complex project, (B) Barstow Reduced Casino Hotel Complex (Proposed Project described above), (C) a reduced intensity casino at a 19-acre site within the Los Coyotes Reservation, (D) a non-gaming alternative, specifically the development of a campground facility within the Los Coyotes Reservation, and (E) a no-action alternative. Alternative B has been identified as the Tribe's Preferred Alternative, as discussed in the FEIS. The information and analysis contained in the EIS, as well as its evaluation and assessment of the Tribe's Preferred Alternative, are intended to assist the Department of the Interior (Department) in its review of the issues presented in the fee-to-trust application. The Preferred Alternative does not necessarily reflect the Department's final decision because the Department must further evaluate all of the criteria

listed in 25 CFR part 151 and 25 CFR part 292. The Department's consideration and analysis of the applicable regulations may lead to a final decision that selects an alternative other than the Preferred Alternative, including no action, or a variant of the Preferred or another of the alternatives analyzed in the FEIS.

Environmental issues addressed in the FEIS include land resources, water resources, air quality, biological resources, cultural resources, socioeconomic conditions, environmental justice, transportation, land use, agriculture, public services, noise, hazardous materials, visual resources, cumulative effects, indirect effects, growth inducing effects and mitigation measures.

A public scoping meeting for the DEIS was held by the BIA on May 4, 2006 at the Barstow Community College Gymnasium in Barstow, California. A Notice of Availability for the Draft EIS was published in the **Federal Register** on June 28, 2011 (76 FR 38677), and announced a 45 day review period ending on September 14, 2011. The BIA held a public hearing on the Draft EIS on July 27, 2011 in Barstow, California.

[K00621 1314 R3B30]

#### **Final Environmental Impact Statement for the Cloverdale Rancheria of Pomo Indians' Proposed 65-Acre Fee-to-Trust Acquisition and Resort Casino Project, Sonoma County, California**

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Notice of Availability.

**SUMMARY:** This notice advises the public that the Bureau of Indian Affairs (BIA) as lead agency, with the Cloverdale Rancheria of Pomo Indians (Tribe), National Indian Gaming Commission, Environmental Protection Agency (EPA), California Department of Transportation (Caltrans), Sonoma County, and City of Cloverdale as cooperating agencies, intends to file a final environmental impact statement (FEIS) with the EPA for the Tribe's application requesting that the United States acquire land in trust within Sonoma County, California, and that the FEIS is now available for public review.

**DATES:** The Record of Decision on the proposed action will be issued on or

after 30 days from the date the EPA publishes its Notice of Availability in the **Federal Register**. Any comments on the FEIS must arrive on or before that date.

**ADDRESSES:** Mail or hand carry written comments to Amy Dutschke, Regional Director, Bureau of Indian Affairs, Pacific Region, 2800 Cottage Way, Sacramento, California 95825. See

**SUPPLEMENTARY INFORMATION** for directions on submitting comments and the public availability of the FEIS.

**FOR FURTHER INFORMATION CONTACT:** John Rydzik, (916) 978-6051.

**SUPPLEMENTARY INFORMATION:** BIA prepared the FEIS to address the potential environmental effects of the United States acquiring six parcels in trust (totaling approximately 65 acres) for the benefit of the Tribe, as well as the subsequent development of a destination resort casino and supporting infrastructure on some of the parcels. Subsequent to the release of the Draft EIS (DEIS) one of the six parcels was removed from the fee-to-trust application (Assessor's Parcel Number 116-310-020). Under Alternatives A through D, this parcel was proposed to include a tribal government building with workspace and offices and an associated parking area. Upon review of the environmental impacts for the alternatives, the BIA determined that the removal of this parcel would not appreciably change the level of significance for the issues analyzed in this EIS, and thus the FEIS has not been altered to remove this parcel from the project site or impact analysis. However, it should be noted that this parcel, including the proposed tribal government building and associated parking area, are not included within the current fee-to-trust application.

The parcels within the current fee-to-trust application are located within unincorporated Sonoma County, California. The project site is situated immediately east of Highway 101 and borders Asti Road. Regional access to the project site is provided by Highway 101, with local access provided by South Cloverdale Boulevard via Highway 101. The project site is adjacent to the location of the Tribe's historic rancheria.

The proposed project (Alternative A) includes an 80,000 square-foot casino, 287,000 square-foot hotel with 244 rooms, 48,600 square-foot convention center, 28,100 square-foot entertainment center, 3,400 car garage and surface parking spaces, and other ancillary facilities. Buildings would have a height of up to two stories above grade with the exception of the hotel and parking

garage which would have a height of up to five stories above grade.

Project alternatives considered in the FEIS include: Alternative A—Proposed Action; Alternative B—Reduced Hotel and Casino; Alternative C—Reduced Casino; Alternative D—Casino Only; Alternative E—Commercial Retail-Office Space; and Alternative F—No Action Alternative. Alternative A (i.e. the proposed fee-to-trust acquisition and resort casino project) has been selected as the Tribe's preferred alternative, as discussed in the FEIS. The information and analysis contained in the EIS, as well as its evaluation and assessment of the Tribe's preferred alternative, are intended to assist the review of the issues presented in the fee-to-trust application. The preferred alternative does not necessarily reflect what the final decision will be, because the Department must evaluate all of the criteria listed in 25 CFR part 151. The Department's consideration and analysis of the applicable regulations may lead to a final decision that selects an alternative other than the preferred alternative, including no action, or a variant of the preferred or another of the alternatives analyzed in the FEIS.

Environmental issues addressed in the FEIS include land resources, water resources, air quality, biological resources, cultural and paleontological resources, socioeconomic conditions, transportation, land use and agriculture, public services, noise, hazardous materials, visual resources, environmental justice, growth inducing effects, indirect effects, cumulative effects, and mitigation measures.

The BIA afforded other government agencies and the public extensive opportunity to participate in the preparation of this EIS. A Notice of Intent to prepare the EIS for the proposed action was published in the **Federal Register** on July 7, 2008. The BIA held a public scoping meeting on July 30, 2008, in the City of Cloverdale. A Notice of Availability for the DEIS was published in the **Federal Register** on August 6, 2010. The DEIS was available for public comment from August 6, 2010 to October 20, 2010. The BIA held a public hearing on the DEIS on September 16, 2010, in the City of Cloverdale.
